

Midge's Stitches
Quilting Pricing
January 2020

Pricing is per square inch. Example: your quilt is 70 inches wide and 90 inches long. Multiply the length times the width of your quilt to get the total square inches, or the area, of your quilt top. $70 \times 90 = 6300$ square inches. Using the price list below, multiply the cost per square inch of the quilting you need times the area of your quilt top. You want a medium density edge to edge design. $6300 \times \$0.025 = \157.50

Edge to Edge light	\$0.0200
Edge to Edge light/medium	\$0.0225
Edge to Edge medium	\$0.0250
Edge to Edge medium/dense	\$0.0275
Edge to Edge dense	\$0.0300
Custom light	\$0.0450
Custom medium	\$0.0550
Custom medium/dense	\$0.0600
Custom dense	\$0.0650
Custom heavy	\$0.0750
Custom Heirloom	\$0.0850
Minimum Charge	\$50.00
Baste Only (Baby, Throw, Twin)	\$35.00
Baste Only (Queen and King)	\$50.00

- Edge to Edge – an all over design that is not specifically fit to blocks, designs or borders. Most designs can be adjusted to higher or lower density.
- Custom light– designs sized to fit blocks, quilts with one or two border designs in addition to the center body design. May include multiple designs.
- Custom medium, dense and heavy – all designs placed specific to the quilt top for all blocks and borders. May include multiple designs. Call to discuss your project.
- Custom Heirloom – call to discuss your project.

Thread is charged per bobbin and runs \$1 to \$2 depending on the thread used.
